DEFRA (Ref: MO43) For Weather Forecast Planning Issued on Saturday, 03 April 2021 at 04:38 local time

Air Quality Forecast for the UK

Issued by the Met Office

Today: Air pollution levels will generally be Low across much of the UK today. The exception to this will be the Shetland and Orkney Isles, as well as coastal parts of the far north of Scotland, which may experience Moderate levels of air pollution..

Tomorrow: Air pollution levels are expected to remain Low across the UK on Sunday. Again, the exception will be the Shetland and Orkney Isles, as well as the far north coast of Scotland, where air pollution levels are likely to be Moderate.

Outlook: Low levels of air pollution across the UK during the period, with the continuing risk of Moderate levels for some coastal areas of the far North of Scotland.
